**THE EFFECTIVENESS OF THE PROTEC PRODUCTS FOR THE
MALAYSIAN ARMY VEHICLES MAINTENANCE SYSTEMS**

Ref:

A. Vehicle Maintenance System Report 91 WP/PROD/14 dated 31 May '04.

1. Further to the above report at Ref A, this Headquarters acknowledges the results of the demonstration and evaluation conducted on the Malaysian Army vehicles using the PROTEC branded products by your company from the 24th Feb to 13 March 2004. Four types of the PROTEC branded products ie. Engine Flush, Fuel Line Cleaner, Diesel System Cleaner dan Oil Booster products were used on the vehicles covering a distance of 2,000 kilometres.

2. The aspects of evaluation conducted by the team were as follows:

- a. Compression test.
- b. Smoke test.
- c. Fuel consumption test.
- d. Nozzle spray pattern test.
- e. Noise test.
- f. Lab test on used engine oil.

3. I am pleased to inform you that the report on the physical evaluation tests was very positive whereby the vehicles tested had performed much better after using the PROTEC products. The evaluation team has also recommended that the PROTEC products are suitable to be used in the vehicles maintenance systems.

Thank you.
