Dear Neil

As you know we have now been using Pro-tec Products for 5 years and feel I have to thank you for your service which has been second to none.

Pro-tec Fuel Line Cleaner has been our best seller, as you know, mainly due to the assistance it gives when we are tuning and emmision problems.

We continue to add it at every service and up until now have never had one complaint. I have recommended it to a few friends in the trade and if necessary would gladly speak to anyone who may be thinking of trying it.

So thanks again and I will be placing an order with you within the next 10 days.

Yours faithfully

Peter Wotherspoon
Service Advisor.
